# ETI Sverige

THE SWEDISH PLATFORM ON RISK COMMODITIES

- Established in 2022.
- Cross-industry collaboration between companies, sector associations and NGOs.
- 30+ members.
- Overall member commitment and specific commitments for **soy** and **palm oil**.
- Powered by ETI Sweden, a multi-stakeholder initiative for sustainable supply chains.

## COMPANY MEMBERS

## SUPPORTING MEMBERS

**Vision:**  
a sustainable  
production and  
consumption of risk  
commodities

# Commitment for 100% verified conversion-free (more) sustainable soy

Sustainable soy from sustainable landscapes

**2017**  
Comittment for conversion-free (more) sustainable soy

**Soy products:** Soybeans and soy meal  
**Goods:** Imported soy, own production and private label incl. embedded soy  
**Market:** Sweden  
**Accepted soy:**  
**Feed:** 100% verified conversion-free (more) sustainable soy\*  
**Embedded soy and soy in food:** Verified conversion-free (more) sustainable soy\* or RTRS credits

**2012**  
**The Swedish Soy Dialogue** is established

**2014**  
Letter of intent

**2025**

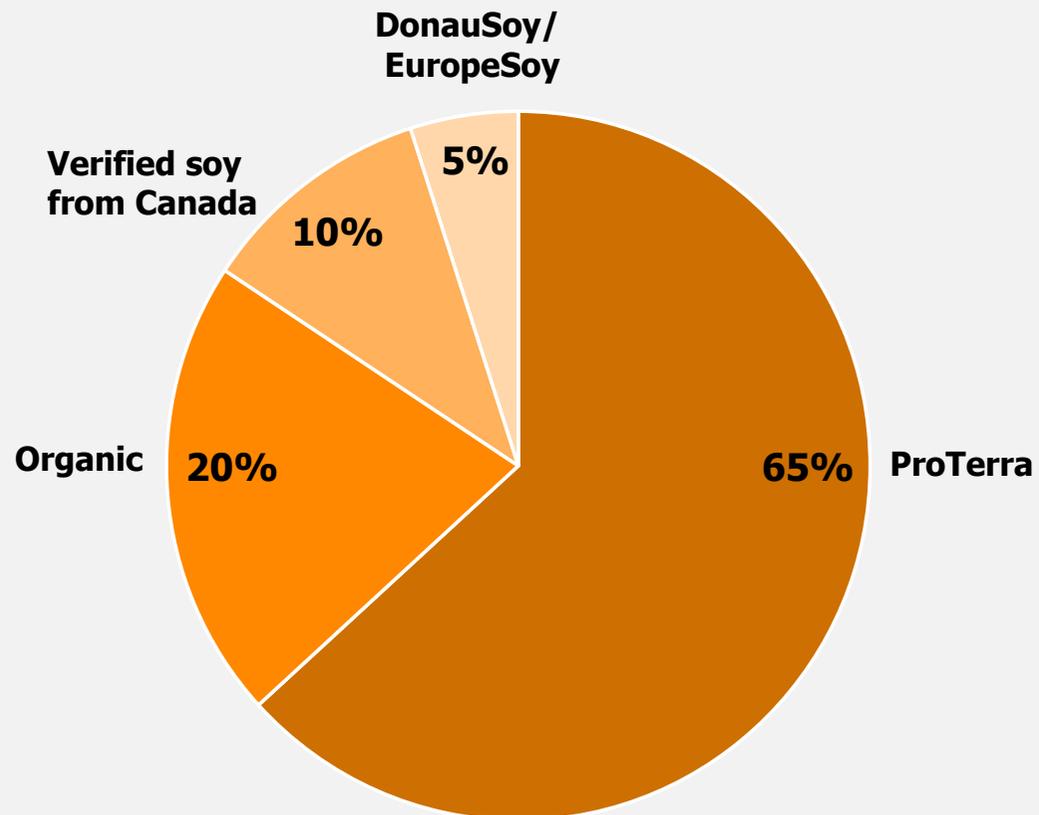

**Soy products:** All  
**Goods:** Imported soy and all production and products handled by the company incl. embedded soy  
**Markets:** All  
**Accepted soy:**  
100% verified conversion-free (more) sustainable soy\*  
RTRS credits and landscape approach can be as tools for embedded soy together with supplier dialogue and requirements for verified more sustainable soy.

**2022**  
**The Swedish platform on risk commodities** is established.  
Updated commitment for soy and palm oil with road map to 2025.

\* Verified certified soy: RTRS, ProTerra, EuropeSoy, DonauSoy, EU organic or IFOAM.

Verified non-certified soy: Soy meal originating from Canada (Ontario and Quebec) imported from a Norwegian crusher.

# The Swedish feed

# On our agenda

- Set supplier requirements for verified conversion-free (more) sustainable soy for imported embedded soy
- Establish systems for risk-based monitoring of suppliers
- Clean supplier approach
- Get involved in landscape initiative
